Brenham, Texas, January 11 .- Pence cutters have operated in Washington county at intervals during the past two years. C. Gaskamp of Zionsville reported to the officers at this place yesterday that three times during the past two weeks his fence has been cut, and he authorized the offering of a liberal reward for the arrest of the mulity parties. A bill will be introduced in the present legislature placing Washington in the list of counsies in which fence outling is a telony. The statue at present applying punishes it as mallolous machief, the maximum penalty being a fine.

At Latium yesterday Edwin Linstander killed a Mexican eagle measuring ninety inches from tip to up of the wings. These birds were at one time common to this section, but are rapidly becoming extinct. The revival which has been conducted at
